KEYNOTE SPEAKER

Gregory Scasny
Chief Executive Officer
Cybersecurity Defense Solutions

Greg is currently the CEO of CDS. He leads the strategic and technological vision for the Network Security business solutions within CDS.

Greg is a graduate of Purdue University with a Bachelors Degree in Electrical Engineering and Technology, with a focus on networking and communications. A native of Northwest Indiana, Greg was employed out of college as a Systems Engineer for Bethlehem Steel, where he worked and was trained on various communication and control systems, including very large scale networks, SCADA Systems and VAX/VMS Systems.

In addition, Greg has researched, implemented and designed Intrusion Detection and Prevention Systems, Vulnerability and Threat Assessments, Active Defense Systems and Security and Information Event Management Systems. Greg brings this 20-year IT, Network Security and Management background to CDS.
